

WASEEM ANSARI

Computer Engineer (BE) • Software Engineer • AI Quality & Evaluation Specialist

+91 9270304741 | Waseemwdd0165@gmail.com | [linkedin.com/in/waseem-ansari-bba5771ab](https://www.linkedin.com/in/waseem-ansari-bba5771ab) | www.waseemauto.com

OBJECTIVE

Driven Computer Engineer looking to leverage technical expertise in Software Engineering, AI Data Operations, and Search Evaluation to deliver immediate, measurable impact. Eager to contribute to a high-performing team that values continuous learning and growth.

EDUCATION

Rizvi College of Engineering	2010 – 2014
<i>Bachelor of Engineering (B.E.) in Computer Engineering</i>	
The Malegaon Jr. College	2007 – 2009
<i>Higher Secondary School Certificate (HSC)</i>	

EXPERIENCE

Net Tech Services India Pvt. Ltd	2016 – 2025
<i>Senior Software Engineer: January 2017 – March 2025</i>	

- Architected, developed, and deployed high-performance software applications and web solutions tailored to client specifications.
- Led front-end and back-end integration efforts, ensuring seamless data flow and robust system security.
- Conducted rigorous software testing, including functional and non-functional QA, significantly reducing post-deployment bugs.
- Collaborated cross-functionally with UI/UX designers, product managers, and QA teams in an Agile environment to deliver projects on strict deadlines.
- Mentored junior developers, standardized coding best practices, and drove continuous technical improvements across the engineering team.

Support Executive Officer:

- Executed functional and non-functional Quality Assurance (QA) testing for core software products.
- Assisted in software/application implementation and supported UI development tasks.

Freelance AI, Search & Web Specialist	2018 – PRESENT
--	----------------

AI Quality & Localization Analyst | Search Algorithm Evaluator | Senior Software Engineer

- Evaluated search engine algorithms, information retrieval performance, and digital ad quality to optimize ranking accuracy and ad relevance.
- Performed prompt engineering, LLM optimization, and generative AI quality analysis to refine language models and AI responses.
- Executed machine learning data annotation, data validation, and model training tasks as a Data Operations Specialist.
- Managed linguistic data operations, including audio localization, transcription, translation, dubbing, and lip syncing.
- Designed and developed responsive dynamic and static websites tailored to client requirements.

SKILLS & EXPERTISE

Software QA & Dev	Software Engineering, Functional & Non-Functional Testing, Application Implementation, UI Development
Web Development	Web Page Design, Dynamic & Static Website Development
AI, LLM & Prompt Eng.	Prompt Engineer, LLM Optimization Specialist, Generative AI Quality Analyst, Machine Learning Training Specialist, Machine Learning Data Annotator, AI Model Trainer, AI Prompt Liaison / Feedback Engineer, AI Content Reviewer / Evaluator
AI Data Operations & QA	AI Data Quality Assurance Analyst, Machine Learning Data Operations Specialist, AI Data Validation
Search Evaluation	Search Engine Algorithm Evaluator, Information Retrieval Analyst, Digital Advertisement Quality Analyst, Search Engine & Ads Evaluation, AI Training & Search Evaluation Specialist
Localization & Audio	AI Quality & Localization Analyst, Linguistic Data Specialist, Localization & Transcription Specialist, Audio Localization Specialist, Text & Speech Transcription/Translation, Dubbing & Lip Syncing
